## **Welcome to the Australian Dorper and White Dorper Association Inc**

Dear Prospective Member,

On behalf of the Board of the Australian Dorper and White Dorper Association (ADWDA), I welcome you to join our organisation and encourage you to participate in the Australian sheep industry through this Association to enhance your success and profitability with your sheep breeding program.

This Association will represent all facets of the sheep industry from producer through to processor, marketer, retailer and consumer, thus benefiting all those involved with the Dorper and White Dorper industry.

Recently the board and members voted to open the Flock Book to allow rams with at least 50% Dorper or White Dorper parentage to be represented. These animals can be identified in two ways, either with CT (Commercial Terminal) or CM (Commercial Maternal) prefix.

The Board and members felt this was important because of the widespread uptake of Dorper based composites currently being used in the industry. It was also considered very important to the future of the breed because of the closed genetic pool with genetics unlikely ever to come out of South Africa because of the changed FMD and other quarantine constraints. This will allow the Australian Dorper to keep pace with changing industry demands. By allowing this to happen the pedigree system will have more integrity.

Any Dorper and White Dorper breeder who is currently a member of any other organisation and decides to become a member of the ADWDA will be permitted to retain their existing Prefix and Flock Number if they choose to do so. (Please refer to Form 2 of the application form). A member will be allocated one Prefix and Flock Number that encompasses either Dorper or White Dorper or both.

If you decide to become members of the ADWDA and have not previously been members of any other organisation you will be allocated the Prefix of your choice (provided it has not been allocated to another Stud) and a Flock Number commenced at 6000 plus (e.g. 6001, 6002 etc.). This action is necessary to avoid any clash of Flock Numbers with members of the DSSA as Sheep Genetics (Lambplan) cannot facilitate studs with the same Flock Number (each animal recorded in the Lambplan system must have its own unique identifier).

Membership of Lambplan is optional; however, flock numbers must be allocated correctly from the beginning to accommodate any breeder who decides to become involved with Sheep Genetics.

Please take the opportunity to access our website [www.australiandorper.com](http://www.australiandorper.com) to find out more about the Dorper/White Dorper breeds and the Australian Dorper and White Dorper Association. Further information can be obtained from the ADWDA Secretary Kira Bains, Royal Agricultural & Horticultural Society of SA Inc on (08) 8210 5215 or email [kbains@adelaideshowground.com.au](mailto:kbains@adelaideshowground.com.au).

We look forward to hearing from you!

Kind regards,

Brendon Duncan

*President of ADWDA Inc.*

## 2020 MEMBERSHIP APPLICATION

For GST purposes this is your TAXATION INVOICE from the Australian Dorper and White Dorper Association Inc ABN 74 202 628 380

### Form 1 – Retain for your records

<b>Contact Name</b>	
<b>Trading Name</b>	
<b>Postal Address</b>	
<b>Date of Issue</b>	
<b>Date Paid</b>	
<b>Amount Paid</b>	

- Please retain Form 1 as your GST Tax Invoice
- Return Form 2 with your membership payment for the year from 1 January 2019 to 31 December 2019
- An email address must be supplied for the discounted rate to apply
- Please refer to the end of this application form (Appendix 1) for detailed information regarding membership types

TYPE OF MEMBERSHIP	IF EMAIL ADDRESS SUPPLIED	IF NO EMAIL ADDRESS SUPPLIED	FEE PAID
<b>Stud</b> Breeder of registered sheep & able to register and transfer stud stock, access to registrations data base, receives all Association publications & correspondence, one full voting right per membership (includes stud membership application fee of \$55)	\$208.00	\$233.00

The Board and members felt this was important because of the widespread uptake of Dorper based composites currently being used in the industry. It was also considered very important to the future of the breed because of the closed genetic pool with genetics unlikely ever to come out of South Africa because of the changed FMD and other quarantine constraints. This will allow the Australian Dorper to keep pace with changing industry demands. By allowing this to happen the pedigree system will have more integrity." – *ADWA Chairman Brendon Duncan*

**Membership Categories Explained**

<b>Stud Membership</b>	A Stud Member shall be the owner or nominee (of the owner) of any stud flock registered with the Association. Voting Rights – one vote per Stud Membership. On application for Stud Membership a person shall submit for approval a preferred prefix (up to 20 letters) which shall be used as a prefix to and as part of the name of every sheep of which they are the breeder and which is submitted for registration in the register. Each stud member will be issued with a unique flock number by the registrar.
<b>Full Membership Commercial</b>	A Full Member shall be the owner or nominee (of the owner) of any <u>Commercial</u> flock of Dorper or White Dorper sheep. Voting Rights – one vote per Full Membership. On application for Full Membership a person shall submit for approval a preferred prefix (up to 20 letters) which shall be used as a prefix which will be their flock name. Each Full member will be issued with a unique commercial flock number by the registrar.
<b>Associate Membership</b>	An Associate member shall be a person with a special interest in the Dorper or White Dorper breed. An Associate member has no voting rights and has no flock code.
<b>Junior Membership</b>	A Junior Membership shall be a person of eighteen (18) years or less that is the owner of a registered flock with the Association. A Junior Membership will allow the ownership of up to twenty (20) stud ewes. A Junior member has no voting rights. On application for Junior Membership a person shall submit for approval a preferred prefix (up to 20 letters) which shall be used as a prefix to and as part of the name of every sheep of which they are the breeder and which is submitted for registration in the register. A Junior membership fee to be the same as the Associate Membership fee.
