

## AUSTRALIAN DORPER & WHITE DORPER ASSOCIATION INC

### Registration and Transfer Information

Please find below a schedule of registration and transfer fees covering both the electronic and manual processing of data.

Members will soon have the opportunity to electronically register and transfer animals to another breeder via a website based pedigree recording program that is still under development. This will eliminate Secretariat involvement in the process (with the exception of the online payment).

Members will also have the option of manually completing the forms and returning to the Secretariat to process should they desire.

Online registrations and transfers fees have been set at a significantly reduced rate. For example, online Stud ewe and Appendix ewes can be registered for a fee of \$2.20 per head (GST incl.) compared to \$6.60 per head for paper submission. Members are encouraged to utilize the online facility.

The registration of ewes will be optional.

**Registration and transfer forms are available to download from the website or available on request from the Secretariat.** Members will be advised once the new registration program has been completed.

### SCHEDULE OF FEES – Registration & Transfers

#### All Fees are GST INCLUSIVE

| Registration / Transfer Process      | Electronic Submission   | Paper Submission         |
